

## Healthcare Provider Referral List

Following is a list of healthcare providers who have expressed interest in the treatment of vulvodynia. This does not constitute an endorsement by the NVA. If you would like additional information about the healthcare providers listed in your area, you are encouraged to visit the provider's website (if provided to the NVA, it is listed under Contact Information) and to become a part of the NVA's Support Network. By joining this Network you will receive the contact information for the NVA Support Leader in your area. Should you come across information in this list that is incorrect (e.g., address, phone number, provider is not practicing any longer), please contact the NVA so that the list can be kept current. To report corrections, or for additional information on our support network, please contact NVA's executive director, Lisa Goldstein at 301-299-0775 or [lisa@nva.org](mailto:lisa@nva.org).

### KEY

An asterisk (\*) next to a provider's name indicates that he/she is a member of the NVA's Medical-Scientific Advisory Board.

If 'Obstetrics' is listed under Specialty, the provider indicated that he/she cares for obstetric patients. (A listing of 'Gynecology' does not imply that obstetrical care is offered.)

#### Practice Type

PP	Private Practice
UC	University-Affiliated Clinic
HC	Hospital-based Outpatient Clinic
HMO	Health Maintenance Organization
NHS	National Health Service (United Kingdom only)

#### Sources of Research Funding

NIH	National Institutes of Health
State	Funding from state sources
Internal	Funding from institution where provider is employed
External	Funding from outside sources (such as pharmaceutical companies, foundations, etc.)
CIHR	Canadian Institutes of Health Research (Canada only)
NHS	National Health Service (United Kingdom only)
